GOOD FOR "KID" BROAD.

He Stays Six Rounds With "Terrible Terry" McGovern at Chicago—The "Kid" Mixed Freely.

CHICAGO, Nov. 13.—"Kid" Broad, of Cleveland, stayed six rounds with Terry McGovern at Tattersalls to-night, and although McGovern had the fight well in hand at most stages, he never had an opponent who came back at him more stoutly, and who gave him as much in the same time as did the stock little fellow who faced him to-night.

Broad fought a wonderful fight, mixing it freely with McGovern at all stages, and scoring two clean knock-downs. A third time he landed a left on McGovern, sending him nearly down. Broad kept his feet throughout the fight, except in the first round, when he was knocked down, and in the sixth, when he went down of his own accord to rest. He could not have fought another round, however, and was completely smothered by the storm of blows which the champion rained upon him.

The men entered the ring at 10:45. Broad coming first, followed closely by McGovern. Broad was seconded by Tommy Ryan, Harry Forbes and Casper Leon. Bat Masterson acted as his time-keeper. In McGovern's corner were Sam Harris, Sam Eolen and Jack Root. Joe Humphreys held the watch for "kid." The fight was made under articles calling for 125 pounds at 3 o'clock. McGovern's weight was announced at 123½ and Broad's at 125.

Corbett's Challenge.
After the fight, James J. Corbett entered the ring, and read the following challenge:

"I, James J. Corbett, have this day placed in the hands of Lou Houseman, sporting editor of the Inter-Ocean, the sum of \$1,000 as a forfeit of either one of two propositions:

"First—I will box James J. Jeffries six rounds before the Tattersalls Athletic Club, and will agree to give him 75 per cent of the purse, win or lose.

"Second—If Mr. Jeffries does not think six rounds is a fair test, I will box him twenty or twenty-five rounds, or to a finish before any club in the country offering the best inducements, winner take all."

The challenge was received with loud cheers, and calls for a speech. Corbett said in reply to the calls:

"I will box Mr. Jeffries here any time he likes, and give him 75 per cent, win or lose. That's all I can say."

NEW BOXING MECCA.

Pittsburghers to Make a Bid for Some Big Fights.

PITTSBURGH, Pa., Nov. 13.—Twelve of Pittsburgh's wealthy citizens, lovers of the boxing game, have formed themselves into a club, under the name of the Rankin Athletic Club, and have erected a club house at Rankin, just outside the city limits, for the purpose of pulling off all the big pugilistic events possible, and also to give a good fast show every two weeks. The club house is up-to-date in every respect, and has a seating capacity of 10,000.

Tom Sterck, who resigned from the city police force to accept the position will be matchmaker. He has arranged for the opening of the club on Thanksgiving night, with a match between "Spike" Sullivan and Eddie Kennedy, of this city. A bid will be made for the coming Jeffries-Ruhlin fight, and every effort put forward to secure it for the new house.

SATURDAY'S GAME

Between Bethany College and the Pittsburgh East End Eleven is the Event of the Season on the Wheeling Gridiron.

Frank Barger, manager of the Bethany football team, was in the city yesterday arranging for the game on the ball park in this city, next Saturday, between the Bethany team and the East End Athletic Club, of Pittsburgh. The latter club is one of the strongest in Pittsburgh, having defeated many of the very best teams in that section. Pittsburgh College is well known here having played several hard games with the Wheeling Tigers. The line of the East End people is extremely heavy, each man weighing over 200 pounds. They defeated Bethany at Pittsburgh about two weeks ago, but since that time Bethany has strengthened. Coach Sweeney will bring the team to the Island ball park for practice this afternoon. Several members of the East End team have acquaintances in McMechen and Benwood, who will be on hand to root for them.

Hard practice was indulged in by the Bethany college "varsity" yesterday afternoon. Every regular man was in line with the exception of Will Edwards and Soffel, who are still on the hospital list. After an hour's hard practice and signal work, the regulars were lined up against the scrubs for a short half. Every man showed up in fine form and the interference worked without a hitch. However the scrubs played a fine game and the regulars only scored two touch downs.

The East End Athletic Club, of Pittsburgh, is without doubt the strongest

FOOD MEDICINE

Scott's emulsion of cod-liver oil is equally food and medicine.

A little of it sets the stomach at work on some easy food—that is medicine.

How does it "set the stomach at work?" By making strength: by creating strength: by turning the oil into body and life—that is food.

We'll send you a little to try, if you like. SCOTT & BOWNE, 409 Pearl street, New York.

foot ball aggregation that has been seen in Wheeling for several years. They have made a fine record this year so far. The defeated crack Pittsburgh College team, formerly Pittsburgh College of the Holy Ghost, by a score of 23 to 0, thus placing them in the front rank of foot ball teams, in the estimation of the many Wheeling admirers of Pittsburgh College.

East End plays the old Princeton style of game and plays it fast and furious. Bethany plays the old U. of P. guards back formation, and it never fails to make a gain, even through the formidable line of W. & J.'s crack team.

Displaying as it does the two standard styles of foot ball, Saturday's contest will be well worth seeing by those who take an interest in the game and wish to see it played in the manner that has made it such a popular sport.

The Elliott School's Team.

The Elliott School is the last arrival on the gridiron and promises to give some of the older teams in the neighborhood a rub this season. They are well equipped and are down to work. Their first game will be with the Wheeling Business College team next Thursday, when they will make their first appearance in full uniform, part of which is a natty Spalding jersey, maroon and white stripes.

Linsly Strengthened.

The Linsly team will play Trinity College, of Washington, Pa., at the base ball park in this city, next Thursday. The Linslys have been strengthened recently by Heaton, of Martin's Ferry, and with the return of the cripples, who have fully recovered, they expect to more than regain their laurels by defeating Trinity.

W. & J. Afrid!

Bethany has made every effort to get another game with W. & J., but was unsuccessful. The close game they played W. & J. at the beginning of the season has frightened the Pennsylvanians so badly that they are not likely to recover. W. & J. had an open date recently, but refused to meet Bethany, saying that their team was too badly crippled.

THE McFARLAND "COUP"

Knocks Out the Sanguine Hopes of Some Office-Seekers.

Some surprise is expressed over the fact that John K. McFarland is now the county recorder of Belmont county, for about four years—three years from next September. He was appointed upon the death of his father-in-law, A. S. Taylor, by the county commissioners, and was nominated by the Republicans for the unexpired term and elected in that belief; but it seems to be the law that appointments can be made only until the next general election for such officers, at which time the candidate elected serves the full term. This was true in the case of Dr. Beetham, who occupied the coroner's office under precisely the same circumstances. But it seemed to escape everybody's notice this year, and there were candidates galore sprouting for that office next summer, but McFarland's good fortune put them off for three years in the preliminary fight.

ONLY FIVE MONTHS OF SCHOOL

In Union District Through Defeat of Levy at the Late Election.

The people of Union district, in Marshall county, will doubtless be surprised to learn that they are to have only five months of school. When the county court canvassed the returns of the late election it was found that "against power to levy" had a majority of the votes cast. It is claimed that many of the people misconstrued the words in regard to the levy for school purposes, and thought they referred to an issue of bonds, but it would seem that matter had been voted upon by the people of this state often enough to make mistakes impossible.
